Re: Brandon v. Alam, 18-CV-10158 (NSR)

Dear Judge Roman:

This Office represents defendant Doctor Tasbirul Alam in the above-captioned pro se matter. I write to respectfully request a second extension of time for the defendant to file their motion for summary judgement from June 12, 2020 until June 26, 2020.

The reason for this additional request is that due to the current world health crisis I have encountered unexpected delays in my ability to access the files from within my office which was completely closed for an extended period of time. I have also encountered difficulty in speaking with my client in a timely manner and his access to his own files have been limited as well. Put simply I have not had the access to my client or the necessary printers and copiers to retrieve my files and work effectively remotely on this motion. Everything has taken a little bit longer and been a little bit more difficult than I originally anticipated in my first request for an extension. Additionally, the pandemic has caused substantial changes in my schedule and over all responsibilities which has also made it extremely difficult to meet the previously set deadline.

I appreciate the Court's courtesy and understanding during this difficult time and I thank you in advance for even considering this request. As I am aware that this is our second request for an extension of time to file the motion for summary judgment, I will do everything necessary to try to make sure it is also our final request.
